

PINKERTON MEN.

Hundreds Called Into the Coke Region.

WORK TO BE RESUMED AT ONCE.

The strikers' exasperation and a feeling of futility, noticeable in a number of works already running—miners en route to take the strikers' places.

SCOTSDALE, Pa., April 21.—By tomorrow morning 500 Pinkerton detectives will have arrived in the coke region. They are to be stationed on guard duty principally at Frick's works. The strikers are exasperated, and a feeling of uneasiness is very noticeable. All is quiet now, however, save at a few strikers' meetings—there is a great deal of shouting and cheering. At these meetings the strikers are making strong speeches against the introduction of "Pinkerton thugs" as they call them.

Each plant, where work is being done, will hereafter be guarded by a heavy force, and positively no interference with the workmen permitted.

The executive board of United Mine Workers met here yesterday evening and reviewed the situation. Their decision was unanimously in favor of a continuation of the struggle. An effort will be made to secure more money. Quite a sum of money was received and distributed among the needy families yesterday.

The Frick company claim to have more men working at all of their plants. Out of the 394 acres at Jintown and Sterling, all but six are fired, and more workmen are at hand than are required to run the plants. McClure & Company's force is also largely increased.

Forty-four families were evicted at Morewood yesterday afternoon. The serving of eviction notices continues. All is reported quiet at Leisnering No. 2 where 150 Pinkerton men are on guard. There were no evictions in this vicinity yesterday.

Her Most will not make a personal tour of the coke regions. Alexander Jones and August Dehler, two other Socialist agitators, will hold a series of mass-meetings throughout the region, beginning tomorrow. The Socialists believe of the district have a membership of 2000, and are active participants in the present strike.

The sheriff, with a large force of deputies, is now on route to Trotter works, where twenty evictions are to be made.

It is reported that a large mob of strikers is congregated at Leisnering, and are armed for a desperate conflict, when evictions are attempted.

The labor leaders have just received information that the Frick Coke company have engaged the services of 500 experienced miners from the Pottsville coal fields with the intention of putting them to work at once in their various coal mines, now guarded by the Pinkerton men. It is also stated that the miners are coming with the full understanding that they are to assist in breaking the strike.

The decisive battle approaching. UNIONTOWN, Pa., April 22.—Sheriff McCormick denies that the several car loads of new men landed in the coke region yesterday are Pinkerton men. He admits that part of them will do guard duty, and he swears them in for that purpose at West Leisnering yesterday afternoon. The rest, he says, will go to work in the places of the striking miners and will be joined soon by several car loads of men from the anthracite regions. It is now thought that the test battle of the strike will be fought at West Leisnering, and the serving of the thirty-two injunctions yesterday restraining the leaders from interfering with the running of the works was preparatory to this battle, which opens in earnest tomorrow.

Critical State of Affairs at Morewood. MOUNT PLEASANT, Pa., April 22.—During the evictions at Morewood yesterday afternoon many exciting scenes occurred. At the houses of Martin Wenzelski's wife, were attracted by Wenzelski's wife. A mob of 500 persons on the outside had to be dispersed by the military. Affairs at Morewood are somewhat critical at this hour. Early last evening crowds of strikers broke in the windows of the houses from which the people were evicted and began dancing. The dance will likely end with a riot.

The evictions of the Morewood tenants will take place this afternoon. Sheriff Chawson will be accompanied by five deputies and expects trouble. Eight men are working today.

Pinkertons for the Coke Regions. PITTSBURGH, April 22.—A squad of one hundred Pinkerton detectives arrived in this city early yesterday morning from Tyrone, Pa. The men were originally from Chicago and other western cities. After enlisting at the Union station, they boarded a train on the Southwest Pennsylvania railroad, which is the direct route to the coke region. They had with them twenty cases of Winchester rifles. Each case contained sixteen 44-caliber guns. It is believed that these men have been sent into the coke region in case of Governor Patterson's declaration to keep men of the National guard on duty in the coke region.

No Use for the Militia. UNIONTOWN, Pa., April 22.—The strikers leaders yesterday telegraphed Governor Patterson that they did not want the militia stationed in the coke region, that they are not needed, that strikers can secure all the help they need, and that they will only pay for them. They extend an invitation to the governor of the coke region.

The governor has signed by all of the necessary provisions for the strikers, and has ordered the militia to be kept in readiness to move in case of a riot. The governor has also ordered the militia to be kept in readiness to move in case of a riot.

FUNERAL OF BISHOP GILMOUR.

His Body Placed in a Crypt in the Cleveland Cathedral.

CLEVELAND, O., April 22.—No function of the Catholic church in this city ever drew together so large a multitude as the funeral of Bishop Gilmour. Every Catholic church and institution of the diocese was represented and words of sympathy flowed in from all parts of the country. As the hour approached for the funeral the crowd became so dense about the cathedral that there was hardly room in Superior and Erie streets for the stream of people who sought to gain entrance, and not a hundredth part of the vast concourse could find room with in the doors of the church.

The services did not begin until 10 o'clock, but long before that hour the great cathedral was densely packed with people who were anxious to obtain a last view of the dead prelate. As the funeral hour approached, and the bells of the city began their tolling, the procession about the cathedral was stopped. A large congregation of the clergy of the diocese entered the church, clad in cassocks and surplices, and took seats at the front beneath the chancel. Then a rich bishop older entered in the full robes of office. He was accompanied by Bishops Watters, Riehl, O'Hara, Mass, Quaid, Chastell, Phelan, McGovern and Rademacher. The great organ began a requiem, it was taken up by the cathedral choir, and the surprised priests above the catafalque responded with chanting. Archbishop Elder, accompanied by Archbishop Ireland, of St. Paul, then walked to the front of the sanctuary and began the services by celebrating high mass.

After the mass the five absolutions were sung by Archbishop Elder, of Cincinnati; Archbishop Ireland, of St. Paul; Bishop Fitzgerald, of Little Rock, Ark.; Bishop O'Hara, of Scranton, Pa.; and Bishop Mullen, of Erie, Pa. Bishop Mullen then delivered the funeral sermon, which was a scholarly effort. He said he had come at the request of the dead prelate, which he looked upon as an imperative command, after which he dwelt upon the relations of Bishop Gilmour to the church and services which he had rendered her. In conclusion the speaker held that when death came it would find him as it had found Bishop Gilmour, without money and without debt.

At the conclusion of the sermon, the casket containing the remains was raised aloft by ten pallbearers and borne out between two lines of priests with uncovered heads. Passing around on Superior street to the rear of the cathedral, the bearers of the body entered the crypt beneath the edifice where the coffin was deposited in a sarcophagus carved out of a solid block of marble. After being sealed by a heavy marble slab, the funeral party dissolved and the remains of the bishop were left to their final repose.

BASE BALL.

Opening of the League Championship Race All Along the Line.

NEW YORK, April 22.—This is an important day in base ball circles in a number of cities, the opening of the League championship race all along the line. Never did a season open under more favorable auspices. With the greatest circuit and the greatest clubs in its history, the pioneer organization is well equipped for the fray. The scars of 1890 have disappeared sooner than the most sanguine of cranks expected.

In the east the boom is unmistakable. Exhibition games in this city with minor clubs have drawn greater crowds than the championship contests did during the period of strife and personal abuse. The game seems well on its way toward the old pedestal of popular favor from which it was torn by warring factions.

Governor Hill, who is an old townsman of "Dumie" Richardson, and Mayor Grant have accepted invitations to the game with Capt. Nash's Boston at the Polo grounds. There will be music by Cappa's band, and lots of bunting.

In Philadelphia Capt. Ward makes his appearance at the head of the united Brooklyn against Capt. Bob Allen's club.

At Pittsburg "Uncle Anson" will move his forces against Capt. Ned Hamilton's aggregation. There will be a parade and all the other festivities of a blooming opening.

At Cincinnati a great time is expected. The Reds will meet the Cleveland aggregation. The old Queen City has not had a taste of professional ball since the dark days of last October. For the first time on record the Reds will make their first appearance of the year at home in a championship contest. Out at the Western avenue grounds there will be a concert. Umpire Jack McGuire will call play ball at 3 o'clock. There will be a large attendance owing to the fact that the city is crowded with visitors on account of the convention of the National League of Republican clubs.

Labor Troubles in Chicago.

CHICAGO, April 22.—About seventy-five men, who went to work in Jackson park yesterday, were surrounded by about 500 strikers, who booed and jeered at them. McArthur Brothers made a complaint to Inspector Hunt, who summoned four patrol wagons. The inspector addressed the mob, advising those who wanted to go to work to remain. About one hundred signified their willingness to return to work, and the remainder were compelled to leave the grounds.

Short Strike Ended.

DETROIT, April 22.—The street car strike which began here yesterday morning was broken at noon and cars are running.

Drank Catholic Acid by Mistake.

CHICAGO, April 22.—Mrs. Mary Howard, of 2433 Wabash avenue, last night took a bottle from a stand in the dark, and by mistake drank carbolic acid. She died in terrible agony before medical attendance could reach her.

THE TWO REPUBLICS.

Both Doing Honors to President Harrison.

HIS WELCOME AT EL PASO, TEX.

Mexican Officers With Military Band Take Part in the Parade—Brief Addresses, a Reception, and a Return to the Train—His Reception in New Mexico.

EL PASO, Tex., April 22.—Mexico joined the United States yesterday in doing honor to President Harrison. The presidential party arrived in this city at 10 o'clock. The welcome of the president being very enthusiastic, the city being crowded with people, many of them Mexicans.

Gen. McCook, of United States army, and prominent citizens met the president at the train. A detachment of the Fifth infantry and band, a number of Mexican officers with a military band and local organizations formed a procession to the court house, where speaking took place. At many of the street corners were banners in Spanish and English bearing the words "Reciprocity with Mexico." Gen. A. J. Malloy made the address of welcome at the court house. Governor Carrillo also spoke on behalf of President Diaz, several others made speeches welcoming the president to the Lone Star state. The president made a brief response and was heartily applauded. The presidential party left for Los Angeles at noon, central time, or 10 o'clock Pacific time.

Mrs. Harrison and a number of ladies of the party visited Juarez on the Mexican side of the river, where a salute was fired by Mexican artillery. A salute was also fired on the American side.

In New Mexico.

DEMING, N. M., April 22.—Just after leaving El Paso, the presidential train crossed from Texas to New Mexico, and Governor Prince, of that territory, who was on the train, made an address of welcome to the president, to which the latter briefly responded. A delegation from Deming accompanied the party from El Paso. At Deming, where the train halted a few minutes, a salute was fired by a detachment of the Tenth colored cavalry. A large crowd gathered around the president who made a short speech after being introduced by Professor Hayes. The train left Deming at 1 p. m. for Los Angeles.

ACCIDENT IN A STEEL WORKS.

A Boy Run Over to Death, and Several Men Fatally Burned.

BRADDOCK, Pa., April 22.—Yesterday afternoon a frightful explosion of gas occurred in the "Bottom house" in the rear of the converting department at the Edgar Thompson steel works. One of the workmen opened an oven door, when a huge volume of gas shot out, and landing into flame, enveloped John Soles, Thomas Rantmar, David Hoon, Otto Onedrake, burning them very seriously. They may possibly recover. Two boys, William Fordworth and August Anderson, aged about 16, were also severely burned.

Company Surgeon Stewart administered temporary relief to the injured men and had them sent to their homes, where the doctor again visited the men and carefully dressed their terrible injuries. The surgeon thinks it hardly possible for John Soles, Thomas Rantmar or William Fordworth to survive their injuries, they having inhaled the flames aside from their frightful external burns. The others injured are resting easy and are in no immediate danger.

Later in the day Hugh Kearns, the 16-year-old son of Superintendent Kearns, of the smoothing rolls in the rail mill department, was literally roasted to death by the bursting of a steel ingot.

CAUSED BY WRECKERS.

Accident on the Cincinnati Southern Causing at Least Two Lives.

CHATTANOOGA, Tenn., April 22.—Information has reached here of a bad wreck on the Queen and Crescent system at Springville, Ala., which occurred about midnight last night.

Engineer John Cotter, brother of ex-Alderman Cotter, of Chattanooga, and Fireman Charles George died this morning from their injuries. The engine was turned over. Mail Clerks James Barlow and D. Nicholson were injured. The baggage, express and mail cars were demolished.

The wreck was caused by a broken rail or spikes drawn by train wreckers. Other casualties may result, as a number of passengers were injured. Details are meagre at this hour.

Verdict for Heavy Damages.

CINCINNATI, April 22.—A verdict for \$96,000 damages in favor of the Peters Cartridge company, was returned in Judge Moore's court yesterday. The defendant was the Pittsburg, Cincinnati and St. Louis Railroad company. The action was based on the explosion at the Kings Mills a few months ago. A freight train in making a running switch threw the detached cars, violently against a car containing gun powder causing an explosion. The plea asked for an allowance of \$114,000 for injury to the plaintiffs' plant and interruption to business.

Gold Excitement in South Dakota.

PIERRE, S. Dak., April 22.—Great excitement was caused in Pierre, Sunday, by the report brought in that gold had been found in paying quantities along Sage Creek, in Blackhawk county, 110 miles west of here. A large number of people will start at once for the gold fields. It has been known for some time that gold existed there, but it was not thought to be of a paying quantity.

REPUBLICAN MEETING.

First Day's Work of the National League of Republican Clubs.

CINCINNATI, April 22.—Yesterday at Music Hall a great crowd assembled long before noon, the hour announced for the opening session of the National convention of Republican clubs. The dress circle and gallery were completely filled. The Cincinnati orchestra, stationed upon the stage, thundered forth patriotic melodies while the delegate hosts were assembling upon the great auditorium floor.

The stage was filled with men distinguished for deeds for party and country. Mayor Mosby made an address of welcome. He was followed by Governor Foraker, for the state, President W. L. Squire, of the Ohio Republican league, made by a fine speech of welcome on behalf of the state league. Prayer by the Rev. Howard Henderson, and then Professor Herman Holstedt had the great mass of people cheering over his earnest solo. Hon. H. H. Powers, of Vermont, made reply for the league to the hospitable and enthusiastic speeches of welcome.

President Thurston's address followed. It was long, and the afternoon had well waned at its close, and after the appointing of committees on credentials, resolutions, place of next meeting and league work, adjournment was had until to-day at noon.

The night meeting was a magnificent success. Music hall seats over 3,000 people and standing room was at a discount. The balconies were almost completely filled with ladies, and coupled with the brilliancy of the decorations the costumes made up a remarkable display for a political mass meeting.

The night Thurston created a sensation when he introduced Hon. William McKinley as the next governor of Ohio, and one of the future presidents of the United States.

Mr. McKinley began coolly and quietly to draw a comparative and historical picture of the two great political parties. He made a clear statement of the Republican party's position on public matters for many years, saying that it was well to remember the history, because it was the only political party on earth which could look back on the past without regret and into the future without fear.

The major concluded with a defense of the party, saying that its mission would never be accomplished until the American ballot was as sacred as the American home.

Speeches were made by several other visitors and delegates and music on the great organ and by an orchestra alternated with all the speeches.

NEW ORLEANS GRAND JURY.

A Number of Witnesses Examined in the Hennessy Case.

NEW ORLEANS, April 22.—Section A of the criminal district court was crowded with about 300 men yesterday morning when the grand jury met. They represented the most prominent business men in the city, and had been summoned Saturday and Monday to testify in the Hennessy case. Most of the gentlemen did not know why their presence was desired. Many of them had not been down at the parish prison on the day of the tragedy and consequently were not acquainted with any of the circumstances of the affair. They passed into the grand jury room one by one and none remained inside for any length of time.

While it was difficult to learn from any witnesses what the character of the questions asked was, it is believed that the citizens were summoned to testify with regard to public opinion, and to give the names of those who were present aiding and abetting the slaying of the Italian prisoners.

District Attorney Grant has nearly completed his report, but will not give it out for publication. It will cover five points that have not become already known through the press reports, and is simply an official statement for the benefit of the secretary of state. There were two or three clerical men before the grand jury.

Important Base Ball Decision.

BALTIMORE, April 22.—Judge Phelps, this morning handed down a decision in the case of the Baltimore Base Ball club against Clarence L. Childs, in which he denies the prayer of the plaintiff for a permanent injunction restraining Childs from playing with any other ball club than Baltimore. The judge holds that Childs is not bound by the preliminary agreement made with Manager Barnie last winter because it was not sufficiently specific. Other words it would not have bound Childs to Baltimore club had they been inclined to throw Childs overboard. For this and other reasons the judge dismissed the case. Childs will now go to the Cleveland club.

Miner Crushed to Death.

BRAZIL, Ind., April 22.—Robert Thompson, a miner, was killed yesterday in Watson shaft, two miles south of town, by a stone weighing 400 pounds falling on him. He was aged 35, and had a family. Two of his brothers were killed in the Colliery in Arkansas about one year ago.

Keys Acquitted.

BURLINGTON, Ky., April 22.—The closing argument in the trial of Keys, for the murder of Fox, was made yesterday, and the judge charged the jury shortly after noon. The jury took the case at 1:45 and at 4 o'clock returned a verdict of acquittal.

Train Robbers Arrested.

PITTSBURGH, April 22.—Nine men of the gang of train robbers who have been stealing from the different roads entering in the city have been arrested at Meigsport and placed in jail here.

OHIO LEGISLATURE.

Proceedings of Both Branches of the General Assembly.

SEVERAL BILLS BECOME LAWS.

Among Them Senator Brady's Bill For the Government of the Ohio Reformatory—Both Houses Adjourn to Attend a Game of Base Ball—Other Ohio State News.

COLUMBUS, O., April 22.—The house passed Senator Adams' bill providing for the government of the Ohio reformatory, formerly intermediate penitentiary.

Brady's resolution providing that Ohio militia shall encamp within their regular districts this year and Oren's resolution vesting the control of Fort Ancient in the trustees of the Ohio Historical society, were adopted.

The senate passed Griffin's bill authorizing the levying of a tax to pay one-half the expense of street lighting, and it is now a law.

The senate passed Lowry's bill amending the law creating the state parole board so as to define its powers and prescribe the mode of procedure.

Shaw's bill suspending the levy for the sinking fund passed the senate.

Alexander's free school book bill was re-committed to committee.

At noon Auditor Lee sent to the legislature a detailed statement of the state's finances for the past two years. The statement is very voluminous, but develops nothing new.

Both branches of the legislature then adjourned to attend the Columbus-Cincinnati base ball game.

The Fremont Island Chain.

FINDLAY, O., April 22.—The missing link in the chain of title establishing Gen. Fremont's claim to the island of Alcatraz, in San Francisco bay, has been received by W. R. Covert, of this city, who is one of the claimants under Fremont, he having furnished part of the purchase money. This missing part of the title is in the form of a grant from the Mexican government to Philip Temple, the man from whom Gen. Fremont made the purchase. The United States government now has possession of this island, and Fremont's heirs are suing for its value which is estimated at \$10,000,000.

Law for Collecting the Direct Tax.

COLUMBUS, O., April 22.—Attorney General Watson submitted to the governor an opinion relative to the collection of the direct tax. He decides that Col. Tolford is entitled to 60 per cent, on the first \$75,000 and 3 per cent on all over that amount, and that the direct tax is clearly within the definition of a "war claim" and as such comes under Tolford's contract. He further finds that Mr. Kies-Weiler is entitled to no compensation unless the legislature shall deem it proper and just to make a specific appropriation for that purpose.

New Incorporations.

COLUMBUS, O., April 22.—Articles of incorporation were filed in the office of the secretary of state yesterday as follows: The Ohio Lath Company, Columbus, capital stock \$10,000; Delphos Manufacturing company, Delphos, \$2,000; the Broadway club, Cincinnati; the Athens Council, No. 15, Royal and Select Masters, Athens; the Athens Chapter, No. 39, Royal Arch Masons, Athens; the Athens Commandery, No. 15, Knights Templar of Athens, O.; the Second Presbyterian church, Findlay; the Hamilton Mutual Insurance association, Cincinnati.

Suicides in Findlay.

FINDLAY, O., April 22.—Two men committed suicide in this city yesterday. Fred Jackson, a negro, with a hatchet cut thirteen holes in his head, fracturing the skull, and died within an hour. Adolph Senfollenger shot himself in the head, cut his throat from ear to ear with a razor and threw himself into the river, where he was found dead. Both men were unmarried and without known relatives.

Epidemic of La Grippe and Measles.

STURTEVANT, O., April 22.—La Grippe and measles are epidemic in this city. The public schools are almost depopulated in the primary grades. One room yesterday, but six were present out of an enrollment of forty-four. Another nineteen out of forty-eight; another twelve out of fifty-one. In two ward schools 100 were absent out of an enrollment of 182.

Attempted Wife Murder.

ZANESVILLE, O., April 22.—Ed. Green, a traveling salesman well known over Ohio, now connected with the Columbus Hat house, carved his wife, shortly before noon yesterday, at his home there, in a fit of jealous rage. Her recovery is believed to be impossible. Green immediately skipped out and so far has eluded the officers.

Won't Live Without Her Lover.

MONTE VENEZIO, O., April 22.—Dora Ann Clements, of Banz, aged 17 years, attempted suicide Monday morning by taking a large dose of poison, and will probably die. Her parents objected to her having, and Sunday night turned him out of the house. She says if he recovers she will again take poison.

Work on the Big Canal.

PITTSBURGH, April 22.—G. MacPherson, who recently returned from Panama, says he has information to the effect that work on the Panama canal will be resumed within a few months. He has reason to believe that within a short time the international railroad commission will bring forward a statement of the materialization of that project to be generally supposed.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder

ABSOLUTELY PURE

POWERFUL AND SMOKELESS.

American-Made Powder Proving Superior to All Others.

WASHINGTON, April 22.—In the light of the highly satisfactory results recently obtained with a new brand of smokeless powder of American make, ordnance officials are now convinced that it is only a question of a few months before the army and navy will be able to adopt a new standard powder equal in efficiency to the very best produced and used by any foreign power. In truth America is ahead today in the matter of smokeless powder for small arms and the success attained can be regarded as quite an achievement for America.

The best results obtained by the navy have been from a brand manufactured under the supervision of Commander Jewell, of Newport. It is considered quite as good as any of the foreign brands, and better than any of those submitted by private parties for trial, but the naval authorities hope to reach a still higher degree of perfection before adopting a standard brand. The army ordnance officials have not made much progress with their powder, but in their efforts to obtain a suitable brand for the proposed new 30-caliber rifles, they have made a great many experiments with samples submitted by private inventors.

The most satisfactory powder was submitted by Mr. Warren B. Houghton, of North Adams, Mass., and shows the best results yet obtained with any smokeless powder with the moderate charge of thirty-two grains and a 230-grain bullet in a 30-caliber rifle, a muzzle velocity of 1937 feet per second, with a pressure of only 50,000 pounds to the square inch, was attained. With the charge increased to thirty-four grains a velocity of 2,000 feet per second, with a pressure of 56,000 pounds were recorded. These are by far the highest velocities and lowest pressures yet attained with any of the new smokeless powders.

This new American powder is free from smoke. It is odorless and gives a progressive rate of burning. It is uniform in action, does not foul the piece, and is supposed to have good keeping qualities, though this is a point that it will take time to determine. In addition to these qualities, which is possessed by only a few of the best foreign brands, it gives the minimum interior pressure with the maximum initial velocity, and in these respects surpasses other brands.

Legal Execution.

CHARLOTTESVILLE, Va., April 22.—William Mosser, alias William F. Jordan, who murdered Policeman George L. Seal in this city, was hanged in the city jail yard at 9 o'clock yesterday morning. He made a full confession of the crime in his cell a few minutes before execution. He said he bore no hard feelings toward anyone. He was very calm and smoked and asked for a chew of tobacco while making his statement.

Extract of Centipede.

LITTLE ROCK, April 22.—A family of five persons named Ballou were fatally poisoned near Bellefonte, Ark. The parties were moving, and had camped on a stream. After eating breakfast, all became ill. The doctor's theory is that a centipede crawled into the iron vessel in which the coffee was made.

Deluged by Sand.
The sand-lake winds from the Lake Michigan shore, swept out the town of Sarnia, near Sandwich, Minn. Every inch of the place has been completely covered up, and the families in this little town have now been compelled to move into the second floor of the sand having filled the first. The same wind will probably drive the people to the next, as these sand dunes are neither more nor less than, and this is the old town, and has been the capital since the Revolution.—Exchange.

Saturday, 17th August.

Harold Clifton, a white convict, made his escape from the State compound at Murrumbidgee. He was dressed in his uniform, but having disappeared in the swamp, it seemed a fair probability that he had suffered some of the hardships and sufferings to which the way to the desert of Australia, which place he was bound for, leads. Captain Howland, chief of the police station, is anxious of returning to prevent a landing. We were sent out to search and may yet have to deal with him. He covered himself up. Since escape Clifton has sold the personal effects for \$500 cash, but still that quantity of material property was too large for him. (See Jacksonville Times-Herald.)

The glasses would eliminate a nice, not-exactly-irresistible something that those of us, in fact, having the 24 in. and larger ones, call the shape of the head and neck and neck-to-shoulder area. The glasses are also shaped to fit the neck of the drunk. The glasses are made of the heaviest, finest material that is available. They are made of a material that is not only strong and durable, but also has a very high resistance to fire. Straw Hats.

MY line of Straw Hats this year I do not claim to be the largest in Marion—I might make a mistake, but you can judge for yourself. I have received only twenty-six cases of Straw Hats. These contained something like 3575 Straw Hats and only 183 different styles. You can see every style if you wish. No doubt every store has a large assortment. Prices range as follows:

Everyday Straw Hats, 5c, 10c, 15c, 20c and 25c.
Men's Fine Hats in Black and White, 25c, 30c and 35c.
Men's Fine Mackinaw Hats, 40c, 45c and 50c.
Men's Extra Fine Hats, 75c, \$1, \$1.25, \$1.50 and \$1.75.
Also a new straw—the Spider Web—in Black or White, for \$2. This is the finest, lightest and coolest Straw Hat you ever saw. Come and see them.
Also a full line of Manilla, etc.
Children's Fine Sunday Hats, 10c, 15c, 20c, 25c, 30c, 40c, 45c, 50c, 75c and \$1.00.

Tailor-made Clothing, &c.

WISH to call your attention to my extra large line of fine Tailor-made Clothing. These suits are made up from the very best of material only and every garment is guaranteed to be a perfect fit in every respect. Prices range from \$12.00 a suit to \$25.00.
Everyday Suits from \$17.50 up.
A full line of Working Pants from 50c up.
Also a full line of the very finest Pants custom made from \$2.50 up to \$7.50.

Undershirts and Socks.

MEN'S UNDERSHIRTS, 15c or 20c for 25c. How's that?
MEN'S Undershirts, 25c.
Extra Fine Undershirts, 15c.
Also a full line of the better grades, Summer Socks, Seamless, ten pair for 25c.

Shirts.

HAVE just received another large lot of those \$1.00 Jersey shirts for 50c—that yellow pattern that everybody was stuck on. If you want a couple of them you had better call at once, as they sell very rapidly.
A Laundry Blue Shirt with two linen collars, 50c.
Also a Fine Black Jersey for \$1 worth at least \$1.50.

WARNER & EDWARDS.

Mr. and Mrs. John Darnody and Mr. Darnody's mother left today for Indianapolis to attend the funeral services of a relative.

H. T. Van Fleet, whose illness has been considered dangerous for the past few days, was reported some better this morning, having spent a restful night, but any change may be looked for.

The Elks will have a social session on Thursday night, presided over by A. O. Blatch. Dr. Adams, W. H. Schaffler, Ed. Steiger and A. W. Bryant are among the more prominent participants in the program.

C. P. Bishop, foreman of the fire department, is still laying off duty from a sprained arm he received Sunday. While riding one of the horses at the engine house the animal fell with him, with the result as mentioned above.

The third quarterly meeting of the German M. E. church will be held at Zion church, Richland township, five miles southeast of Marion, next Saturday and Sunday. Rev. Herman Herzer, presiding elder of Ibera, O., will conduct the services.

Forepaugh's circus goes through Ohio next month but Marion doesn't seem to be on the list. Perhaps we are to have another year of cheap circuses. If we are not treated well we can resort to home talent even if that eminent showman, W. S. Frash, has returned to Huntington.

Probate Court.

C. F. Miller, assignee of Frederick Rush, filed report of sale of real estate; sale confirmed and deed ordered.

John F. Gray, guardian of Robert Gray et al., filed petition to sell real estate.

Hearing on exceptions to account of David Lamb, guardian of Sara R. and Bertha Lamb.

Scott Wood appointed administrator of the estate of Mary Olive Vanzer.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the state and to the eye easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and a most gentle diuretic known.
